WORK EXPERIENCE

COMMUNICATIONS DIRECTOR (Part-Time)

North Carolina Tenants Union (NCTU), Remote | Jul 2025 - Present

- Design promotional content such as union logos, social media posts, flyers, banners, and newsletters.
- Promoted from **Volunteer to Communications Specialist to Communications Director**.
- **Re-branded organizational design scheme** with feedback from Executive Director.
- Collaborating with staff to create fundamental resources, such as NCTU's first annual report document.
- Lead website redesign and maintain content via WordPress, prioritizing accessibility of information.
- Research housing rights and common tenant issues to design educational social media infographics.

DESIGN ENGINEER (Full-Time)

Ryan Scott Displays, High Point | Jul 2026 - Present

- Work with large brands such as **YETI**, **Honda**, **Husqvarna**, **Sprints**, and **Oakley/Luxottica**.
- Dynamic parameter-focused 3D modeling using AutoDesk Inventor workflows and iLogic functionality.
- Design, fabricate, and post-process program concepts from the render/prototype stage to final product.
- Modeling of cost-effective and flat-packaged corrugated, MDF, and sheet metal display designs.
- Create unique overviews, graphic/fabrication production files, and assembly sheets for each program.
- Adapt to quickly changing timelines and delivery schedules through project management tasks in Asana.
- Assist with photo editing and graphics work using Adobe Photoshop and Adobe Illustrator when needed.
- Maintained and repaired two Raise3D Pro 2 Plus 3D printers, which had previously been out of commission for 2 years, to a working state.

FREELANCE PHOTOGRAPHY AND DESIGN (Part-Time)

Entropy Art Studio, Remote | Oct 2024 - Present

- Professional photography for clients including but not limited to headshots and event photography.
- Graphic design contract work for nonprofits such as Forsyth Futures, Triad DSA, and Triad Abolition Project.
- Designed and fabricated custom made to order product designs and miscellaneous accessories.
- Established workflow between FreeCAD and PrusaSlicer for part creation with Prusa FDM 3D Printers.
